The Seed and Feed tour is a one-day event looking at sustainable agriculture from several perspectives. It will look at: agricultural seed development nationally at **Grains Innovation Park**; internationally with the connection to the Svalbard Global Seed Vault; locally at a grass roots level with horticulture at **Haven Grown (bring your shopping bag to buy some fresh produce)**. And of course a salubrious lunch at local **Horsham café [baa 3400](#)**.

[Grains Innovation Park](#), Horsham, with tour and talk of leading facility. GIP is a national centre for breeding pulses and also features a world class plant phenomics facility. It also contains the Australian Grains Genebank which holds around 300 million seeds, protecting genetic material for future generations.

[baa 3400](#), restaurant and lunch stop in Horsham (Haven Grown supplies its produce directly to the restaurant).

[Haven Grown](#) is an organic market garden in Haven, Victoria, that supplies locally to selected cafes and community with salad mix, root veg, tomatoes, beans, peas, herbs and lots more! There will be produce available for sale on the day. The owner originally worked for GIP, but now has his own particular emphasis on growing food sustainably.
